

Diane Babcock

The Takeaway

How divine inspiration by any other name can be a valuable instrument in today's world when one's mind is open to receive that kind of guidance, along with the understanding it is just another facet of our expansive human potential for grander and broader knowledge. How moments of decisive fortitude in this Life & Death ordeal extraordinaire reveal the basic truth that life unto itself truly is a gift to be celebrated and our choice to evolve our consciousness toward that awareness is ultimately our own.
